

# Go!POS™

## Manage your business from the palm of your hand.

Meet Go!POS – the portable, cost-effective data and inventory management solution. Designed precisely for the retail liquor store, Go!POS works seamlessly with LiquorPOS and MerchantPOS, extending your reach to literally every corner of your establishment.

Go!POS software resides in a state-of-the-art Symbol® pocket PC computer\* running Microsoft™ Windows™ Mobile. Small and lightweight, yet rugged and durable, it's built to withstand the rigors of retail. The easy-to-use Qwerty keyboard and extended battery life ensure accurate, convenient operation. An integrated laser barcode scanner completes the package.

Now, right on the sales floor, you can check pricing and confirm availability for your customers – even edit product records. And receiving product is a breeze whenever, wherever stock is delivered.
